Procedure and Agreement Guidelines

Park View Health and Fitness only accepts Personal Training and assessment payments in a pre-pay format. No clients will be allowed to attend a training session without prepayment. Trainers will also not be paid until their clients have paid for their sessions. All payments must be made at the Front Desk.

Personal Training and assessment clients must provide 24-hour notice when cancelling an appointment. Sessions cancelled inside of the 24-hour minimum will be billed at the normal rate of 1 session and cannot be made up. Make up sessions that have been properly cancelled outside of the 24-hour period may be rescheduled based on trainer's availability.

Equipment Orientations and Personal Trainer Consultations are a complimentary service provided to Park View members. Each session lasts an average of 30 minutes. An orientation and consultation can be completed together in a 1 hour session. If the client does not attend the scheduled session, the free orientation and consultation will be forfeited.

Equipment Orientation: Basic introduction to Park View equipment and guidelines to using the fitness center. *Required for members 12-14 years old before using the fitness center

Personal Training Consultation: A meeting with a personal trainer to evaluate your current fitness goals and establish a general plan to reach these goals.

The trainer can cancel the session at any time and reschedule with the client or assign the client to another Personal Trainer.

Regardless of the start time, all sessions will end at their scheduled time.

All Personal Training and Assessment Packages are non-refundable and non-transferable.

Personal Training and Assessment Packages expire 1 year from their purchase date.

Client approves the above:
